The Road Tax coverts our "Right" to go about our daily business, unmolested, into a privilege issued by the State; a Right protected by the Article I ss 23 of the Michigan Constitution, the 9th Amendment of the U.S. Constitution, and upheld by the Supreme Court of the United States (Murdock v. The Road Tax is also linked to the inflation rate so that as the dollar loses value we not only have to pay more at the pump for gasoline we have to pay more at the pump for the tax: a double whammy.

The Licensing and Registration Fees are increased by 20% so what was a $100 registration fee will now cost the citizen $120.
